ABOUT US

Low Voltage Switchboard

Medium Voltage Switchboard

NP.Electric Engineering

commenced operations in 2018, after taking over the Thailand manufacturing arm of a pioneer in electrical component and switchboard manufacturing.

From an initial team of only 10 employees in 2018, our team at NP.Electric Engineering is now made up of more than 50 highly skilled people across a range of fields. With our staff spread across management, sales and marketing, engineering, project management, manufacturing, IT and logistics, everyone at NP.Electric Engineering is part of the team, and we bring that inclusiveness to our product offerings.
